Professional Summary

Enthusiastic and detail-driven **Frontend Engineer** with over 3 years of experience in creating **web and mobile applications**. Skilled in **React.js, Next.js, React Native, and TypeScript**, with hands-on experience in **Expo** for mobile app development. Adept at building responsive user interfaces, teaching modern frontend practices, and integrating APIs. Passionate about sharing knowledge and helping others build practical, user-friendly digital products.

Experience

Frontend Tutor — Geegstack (2025 – Present)
- Teach students the fundamentals of frontend development including HTML, CSS, and JavaScript.
- Guide learners through building real-world projects with **React.js**.
- Explain state management, API integration, and responsive design principles in simple, practical terms.
- Mentor learners on Git/GitHub workflows, debugging, and best practices for performance optimization.
- Encourage hands-on coding, teamwork, and problem-solving during classes.

Projects

AI Nutritionist
A web and mobile app that helps users choose healthier meals by analyzing food items and suggesting nutrition tips.
Tech Stack: React.js, Next.js, React Native, Expo, TypeScript, Tailwind CSS, Nutrition API
Features: Meal analysis, personalized recommendations, mobile-friendly interface.

■ Live Demo: https://nutritionapp-ze9g.vercel.app

Web3 Landing Page
A modern landing page designed for Web3 applications with responsive layouts.
Tech Stack: React.js, Next.js, Tailwind CSS, Web3

■ Live Demo: https://abdulmalik-buycex-14nu.vercel.app
